Make a difference, not indifference

HELPING UNTANGLE

I continually look for ways to improve processes, whether the process is in a piece of software, an organization, my own productivity or mind. As such, I seek to make a difference, not indifference.

EMPLOYMENT

2008-2015 – CTO/CISO at Herøy Kommune, Norway

- Created documentation database from scratch, mapping 25 servers, 22 locations, 30 applications, 800 employees and 1200 clients.
- Reduced ICT-budget by 33% whilst simultaneously increasing staff and service area during first year of management.
- Built ICT department from scratch, implementing streamlined support and lean principles.
- Developed internal software to facilitate integration between ticket system, user management, inventory, network surveillance, SMS alerts, top management prioritization and digital kanban.
- Redesigned network to conform to security standards, streamline management and minimize downtime. Business continuity was always primary concern with all changes.

2003-2008 – CTO at *Sámi Joatkkaskuvla ja Boazodoalloskuvla*, Guovdageaidnu, Norway

2001-2013 – Independent consultant at *Stuffy Rabbit/Trollsilm*

2001-2001 – Hostmaster and consultant at *by.com AS*, Ålesund, Norway

2000-2000 – Software developer at *Zox Technologies*, Toronto, Canada

1997-2000 – Developer and consultant at *MSI/Eclipsys*, Marietta/Alpharetta GA, USA

1995-1997 – Games developer at *Graymatter Inc*, Toronto, Canada

1995-1995 – Consultant at *Ålesund Kommune*, Ålesund, Norway

NOTABLE ACHIEVEMENTS

- Developed language to reduce development time of dynamic web pages (2001)
- Developed C++-based noSQL database (1998)
- Developed and maintained anonymous mailing list for victims of bullying (1997-2004)
- Elected board member of Toronto Freenet with the most votes ever (1996-1997)
- Developed a gopher and http daemon and set up the college's first web server (1994)
- Involved as developer and eZine editor in the Atari ST demo scene (1988-1997)

EDUCATION

Bachelor of Computer engineering at NTNU (Norwegian University of Science and Technology)

CISO course «Information Security and Risk Management in Context» at University of Washington via Coursera

Prophylactic psychology course «Difficult people» at Confex

ePhorte administration course at Ergo (Evry)

SKILLS

Languages (Europass standard self evaluation):

Language	Understanding		Speaking		Writing	Experience
	Listen	Read	Interact	Prod.	Writing	
Norwegian	Mother tongue					
Swedish	Typical life long exposure means I consider these as dialects of the same large Scandinavian language and can understand spoken and written, can read the written language, but written production is going to be full of mistakes.					
Danish						
English	C2	C2	C2	C2	C2	Exposure at home since birth, spoken since age 5. Learned in school for 8 years. Required language in university. Main language in ICT. Writing articles since age 14. Lived in North America for five years.
German	C1	C2	B2	B2	B2	Interaction with German family and friends living in Germany entire life.
Estonian	A2	A2	B1	B1	B1	Sattusin mu Eesti naine 2015, siis tuli mu uus Eesti pere, palju reisid edasi-tagasi, Eesti sõbrad ja palju palju Õnne 13, ENSV ja Kättemaksukontor.
Italian	A1	A2	A1	A1	A1	(Just started learning for my 2017 bicycle trip in Italy)
Russian Ukrainian	I can read cyrillic writing, and there is enough in common vocabulary between Germanic and Slavic languages to not be completely lost in the shop.					

ICT: C, C++, Java, PHP, MySQL, MS SQL, MFC, Windows, Linux, eLink, eWebIT
HL7, DICOM, IDXRAD, JavaBeans, JavaScript, HTML, HTTP, SMTP, SNMP, ICMP
Cisco switches (L2 and L3), HP switches, CodeIgniter

OTHER INTERESTS

Bully recovery, bully prevention, sustainable and healthy living, cooking, religion/world views, photography, psychology, painting (acrylic), writing, bicycling, hiking, music, languages, NLP.
